Steve Greentree

A Cllr who will fight for Knaphill

Dr Steve Greentree is a long-standing Knaphill resident. He's recently retired from the pharmaceutical industry where he managed complex, international, multi-million-pound projects, aimed at delivering new and novel treatments for life-changing and life-threatening diseases.

As well as helping to care for his young grandchildren and learning to play the electric guitar, Steve is passionate about giving something back to the local community. He shares our Lib Dem values of honesty, transparency and integrity.

Our team are working hard to turn around the legacy of debt inherited from the previous administration in Woking. We need people like Steve!

It's going to be so
close in Knaphill

**your vote could
be the difference!**
